Description

If you're searching for the perfect walkable downtown location that puts you just steps away from North Main and Stone Avenue's vibrant restaurants and shops - yet provides enough outdoor space to garden, relax on a patio, enjoy a fire pit, or let your dog roam - this 3 bedroom, 2.5 bath home is exactly what you've been waiting for. Located in a quiet cul-de-sac, this charming home combines quality design and construction with the best of a walkable community, providing the convenience of city living without the maintenance of a full-size lot or the closeness of a condo building. The moment you step onto the welcoming front porch, you'll feel right at home. The open floorplan features spacious rooms filled with natural light and gleaming hardwood floors. The main level includes a beautiful kitchen and great room, a separate dining room, a primary bedroom with a generous en-suite bath, a half bath for guests, and a convenient laundry room. Upstairs, you'll find two additional bedrooms, a den, and a full bath so everyone has their own space. Access to a generous covered porch and private rear yard is conveniently located off the great room and eat-in kitchen area, making it ideal for outdoor living and entertaining. With Main Street and Stone Avenue just around the corner, and McPherson Park (complete with mini-golf course) nearby, everything you need is right at your doorstep. Whether you walk or bike, the location can't be beat. Don't miss your chance to experience this gem - schedule a tour today!
