Description

One level living at its finest! This all brick home boasts of three large bedrooms, two full bathrooms, open concept living/dining/kitchen, a covered back patio, two car garage, and a fenced in yard. As you pull into the driveway you'll notice the immaculate landscaping with permanent curbing installed and a rocking chair front porch! Opening the front door, you'll immediately be in love with the light color palette, luxury vinyl plank flooring, and inviting entrance. To the right is the dining space with ample light, tray ceiling, and a convenient flow into the kitchen. The kitchen space has white cabinetry, stainless steel appliances (that all convey with the home), subway tile backsplash, gas range, deep sink, granite countertops, and countertop seating. The large family room is grounded by a freestanding fireplace for cozy night's in. The covered back patio gives extra entertaining space or a place to lounge and enjoy the approaching fall weather. As you walk down the main hallway you have access to the garage through a laundry room/mudroom space. The secondary bedrooms are quite spacious with carpeted flooring and large closets. The hall bathroom is well appointed and located between both secondary bedrooms for convenient use for both homeowners and guests. The primary suite is located at the back of the house for privacy and is HUGE with a tray ceiling, large walk-in closet, linen closet, powder room privacy, double sink, and tiled shower. Located with access to Simpsonville, Mauldin, and Greenville, and minutes from Conestee Park nature trails and playground, this home truly is only missing one thing - YOU! Come make this house your home before someone else does. *Seller willing to sell furniture*
