## Description

The Forrester is one of our most popular floor plans! When you first enter the home there is a gorgeous 2-story foyer with a catwalk overlooking the entry! You will pass by the elegant formal dining room as you head into your great room and oversized kitchen. The kitchen features one of our largest islands measuring in at nearly 10' long! It also boasts a ton of storage with 36" cabinets. Lastly on the first floor is a bedroom and full bath that is great for guests or can double as an office space. Head upstairs to your master suite with a large walk-in closet and en suite bathroom with tiled shower and spacious double vanity. Two additional bedrooms with a full bath in between are across the catwalk. One of the best features of this home is the huge bonus room with a closet that can be used as the 5th bedroom! This is America's Smart Home! Each of our homes comes with an industry leading smart home technology package that will allow you to control the thermostat, front door light and lock, and video doorbell from your smartphone or with voice commands to Alexa.
