## Description

In a world saturated with boring new construction neighborhoods and the same old cookie cutter homes, feel rejuvenated and take a look at this beautifully renovated 3-bedroom, 2-bath ranch-style home in the golf course community of Aberdeen. Enjoy the view as the property backs directly onto the golf course. Step inside to discover an updated interior featuring new LVP flooring throughout almost the entire home. Then look at the gorgeously remodeled kitchen with white quartz countertops, a ceramic tile backsplash, brand-new stainless steel appliances and modern fixtures. There is a Carolina room off of the living room that quite literally floods the home with natural light. It leads out to the huge screened in porch, making it the perfect spot to enjoy the weather with a view. Back inside there is a formal dining room in addition to the living room and Carolina room. There is so much living space in this home! Both bathrooms have been refreshed with new granite countertops, and the master suite offers his-and-her closets, a dual vanity, a garden tub and a shower... making it a real sweet suite. This home combines comfort, style, and location—ideal for those looking to enjoy golf course living in a vibrant, well-kept community. This community is a 10-15 minute ride to Cherry Grove, the perfect place to find great restaurants and of course the beach! All information is deemed approximate and not guaranteed. Buyer to verify any and all pertinent information. \*Seller is a licensed SC Realtor\*
