Description

Gorgeous 3 bedroom, 3.5 bath, 2 car garage home nestled on lovely, landscaped lot with mature trees overlooking Aberdeen golf course. The home has stunning views of the 6th hole, and the views can be enjoyed from several areas of the home. Enter the front door and be greeted with beautiful bamboo floors in foyer that stretch seamlessly into the halls, bedrooms, living room, dining room, kitchen, and breakfast area. Walk into the living room featuring a gas fireplace, high ceilings and lovely bamboo floors. To your right you'll find a coat closet and two bedrooms with a full bath between them for convenience. Both bedrooms feature bamboo floors and are bright, light and provide a warm welcoming feeling. One of these bedrooms, also serves as a second owner suite offering, with a tray ceiling, and its own large, tiled bath complete with lovely 5' tiled walk-in shower, high vanity sink, and custom built-in closet. This could serve as a phenomenal Mother-In-Law suite. To your left find an awesome dining room with lovely tray ceiling, chair rail and bamboo floors. The dining room has bay windows boasting plantation shutters and opens completely to the kitchen, breakfast area and living room. The kitchen boasts Corian counter tops, smooth top range, microwave, stainless steel dishwasher and a stainless-steel French door refrigerator with drink drawer and freezer on bottom. There is a Butler's pantry with plenty of storage cabinets and with pull out shelves as well as an entry door from garage for unloading groceries, etc. The breakfast area also features a lovely bay window, plus a large picture window that allows and provides a bright, warm, inviting atmosphere. A 1000 sqft addition was added in 2015 with a huge, tiled family room right off the living and kitchen area that boasts large window with golf course views to be envied by all- spectacular views. This beautiful room has a 24 ft. ceiling with 30 ft. daylight strip for natural light. In addition, the family room has a granite wet bar with glass front cabinet, sink with disposer, and a mini refrigerator to provide a venue for entertainment of family and guests. In the family room there's a very substantial metal spiral staircase with lovely architectural designs. The loft offers a ½ bath, with storage areas, and built in bookcases. The (15x19) loft would be perfect for an office space or 4th bedroom and also has a sturdy steel roof with solar panels. Extend your outdoor entertaining to a phenomenal screen porch (12x15) with fieldstone wainscot, paver walkway, and a paver patio right off the family room. The master bedroom is delightfully located at the back of home with spectacular golf course views to wake up to and enjoy. The large master bath has a large walk-in closet and has heated floor tiles. The home has a new shingle roof that was replaced in 2023, an irrigation system, a 5x15 attached storage, pull down access to garage attic, owner owned solar panels, solar/electric 120-gallon water heater, and this home is only located 200 yards from the lovely HOA pool. This beautiful home has it all and is located only minutes from North Myrtle Beach! Take the time to view this beauty and you will want to call it yours. Absolutely stunning home, yard and community.
