Luxury, Low-Maintenance Living at Hamilton Townes in Greenville Welcome to The Hudson Plan—a beautifully designed interior townhome that redefines low-maintenance living with the space, style, and function of a single-family home. Located in the heart of the highly sought-after, 1,100-acre Verdae area master-planned community, this home offers over 2,200 sq. ft. of thoughtfully designed space, complete with a main-level owner's suite, 3 bedrooms, 2.5 bathrooms, a large flex/game room, home office potential, and an attached 2-car garage. Under construction and ready August/September 2025, there's still time to personalize select finishes at our design studio and make it truly your own. From the moment you enter the impressive two-story foyer, you'll feel the openness and ease of this home. Natural light pours in through tall windows, while crown molding, recessed can lighting, and 5" hand-scraped birch hardwoods add warmth and elegance throughout the main level and upstairs loft. The spacious open-concept layout seamlessly connects the kitchen, dining, and living areas—ideal for entertaining or relaxing. A wall of glass—featuring a central operable door flanked by two fixed panels—opens to the covered porch and fenced backyard, offering peaceful views of a serene common area lined with mature shade trees. Best of all, lawn care is included by the HOA, giving you more time to enjoy the lifestyle you love. Designed in collaboration with a professional decorator, this modern kitchen makes a bold yet refined statement with Maple Iron cabinetry—a deep charcoal finish that adds sleek contrast and timeless appeal. High-end touches include two sets of pot and pan drawers, upgraded Calacatta quartz countertops, and a large island with extended seating and added storage. Stainless steel appliances, a gas range, and soft-close cabinetry blend luxury with everyday function. With abundant cabinetry and counter space that rivals many single-family homes, this kitchen was crafted for both entertaining and effortless daily living. Upstairs, you'll find two spacious bedrooms with walk-in closets, a full bath with double vanities, quartz countertops, 8" widespread brushed nickel fixtures, and a separate privacy door for the shower and toilet area. A loft space offers flexibility for a second living area, media room, or home office, while a finished flex/storage room can accommodate fitness equipment, seasonal storage, or creative use. A walk-out attic provides even more unfinished storage space. Turn-Key Peace of Mind Enjoy brand-new plumbing, electrical, roofing, and HVAC systems—all backed by a trusted builder's warranty.
