Description

Great location off Hwy 14 near Five Forks in a small neighborhood on a quiet cul de sac street. Stonewyck has a fun pool & lots of sidewalks to enjoy walking with friends (human or furry). The 2 story foyer entry has french doors on the left that lead to an office and on the right is the living room that flows to an XL dining room. The hall through the foyer contains the half bath and leads you to the OPEN kitchen/ breakfast/ great room/ and SUNROOM areas. The appliances all remain and have been replaced. There is a double wide roomy pantry closet, plus the laundry room with sink, is close by (garage entry) for more storage. Lots of light in this home with the big sunroom across the back. Upstairs are 3 bedrooms PLUS a flex room that they used as a 5th bedroom. The primary suite is oversized and the bathroom has 2 separate vanities, relaxing garden tub, and separate shower. The walk in closet is very large, too! The fenced backyard is the BEST! 2 large PAVER patios with a built in FIREPIT. This roomy floor plan is perfect for you to come do your cosmetic updates and make your home! This is an ESTATE sale, so being sold "as is", but happy for any / all inspections you would like to do. Wonderful opportunity for this location & to put your own touches on it. NEW INTERIOR PAINTING ON MAY 20-23!!
