Description

Updated and renovated condo in popular Twelve Oaks. This is a welcoming modern style open floor plan that has luxury vinyl wood flooring throughout and a sought after choice of paint. You will appreciate the separate dining area located next to the upgraded kitchen, featuring granite countertops, bar seating and the ever-popular white cabinets with stainless steel appliances. The balcony with a view of the wooded area provides a private expansion of the oversized main living space. The spacious bedroom leads into the bathroom and the generous walk in closet. Ample storage. All of this is very compelling and the unique aspect of this condo is that it has a private, oversized one car garage providing plenty of space for your vehicle and storage. Newly vacant and move in ready.
