Description

Welcome to 608 W Beach Ct where you are greeted with two stone lions following the curved driveway made of a textured cast stone wall. This rare lot is accompanied with private views of the marsh in a canopy of trees from the front yard to the back yard. This house was built in 1988, then completely renovated in 2005 with a contemporary architecture design similar to Richard Neutra. With 4 bedrooms and 3.5 baths, this luxury villa encompasses 2,918 square feet on a third of an acre. When you walk up the curving driveway you will see the cast stone porch which is lined in beach pebbles, it is wide and lined with custom metal railings. The elevation of this home makes it untouchable with flooding and equipped with a generator, ready to help when the storms get wild. Under the house you will find covered parking, a golf cart cart port, and an air-conditioned workshop/ storage space equipped with all the beach toys and accessories one would need for a perfect beach day. Once you walk through the front door you will be greeted with natural light that showcases the open level floorplan of the 3 bedrooms, the living room with fireplace, kitchen, and dining room. The kitchen has custom oak cabinetry, stainless steel appliances, a large island with seating and a stone countertop, and glass tile backsplashes. The house is painted in a crisp white paint that highlights the elaborate high ceilings in the foyer and living area. The first level is lined with gallery doors that open onto a multi-level back deck and wrap around porch, above which are fixed windows that welcome the outside in and create a sunny oasis perfect for entertaining or enjoying the marsh views. The second level has a cat walk that overlooks the entire downstairs level and leads you to the massive primary bedroom suite with an elegant large bathroom with 3 spacious closets. The master has its own balcony that displays your very own private view of the pool that looks out to the marsh, with a spiral staircase that leads to the roof where you can stargaze and hear the sound of the waves. The upstairs has an open loft that can be used as an office, family room, guest suite with a half bath. The exquisite backyard features a heated salt water in-ground pool with an adjacent hot-tub, built in 2024. The landscape features a large oak tree canopy, mature palmetto trees, a rock garden with seating on either side. The pool has a stone-tiled fountain wall that elevates the outdoor experience. This beautiful home is two blocks from the beach, a short 5 min walk. The west end of the island features the best coastal experience for their residences which include Folly Beach County Park, Sunset Cay Marina, and breathtaking views for sunrise or sunset. This rare home is ready to be yours and can be purchased fully furnished.
