Description

Just a mile from the beach, this top-floor, corner-unit condo is bright, open, and thoughtfully designed. Extra windows and a cathedral ceiling create an airy feel, while tinted privacy glass on the windows and storm door allows for natural light while maintaining comfort. Featuring 2 bedrooms and 2 bathrooms, the split-bedroom layout ensures privacy, with the secondary bedroom located separately from the primary suite. The primary bedroom includes an en suite bathroom with a vanity, a walk-in closet, and private access to the screened-in balcony, where you can relax with peaceful views of the pool and pond. The living area showcases shiplap accents, crown molding, and an open layout with clear sightlines from the kitchen to the balcony. The kitchen features a tin-style ceiling, Corian countertops, and a spacious design that opens to the dining and living areas. Beautiful laminate and tile flooring extend seamlessly throughout the home, offering a clean and low-maintenance living space. Additional highlights include plantation shutters in the living room, dining room, and second bedroom, ceiling fans, and a laundry room with beadboard and cabinetry for extra storage. The unit also includes attic access—an uncommon bonus for a condo. Located in a community with a pool, this unit offers both coastal charm and convenience. With top-floor privacy and no neighbors above, this is the perfect retreat a mile from the beach!
