Description

Quiet and secure condo located in the historic Crafts House building, ideally situated near Broad and King Streets. This two bedroom light-filled condo has original heart of pine flooring with 13 foot tall ceilings and amazing 10 foot tall windows which allow for incredible light throughout the day and charming steeple views. It was tastefully renovated in 2019 to include the kitchen and bathrooms with high end appliances and elegant finishes. With a brand new hot water heater and updated lighting, it is absolutely turn-key and provides the perfect lock and leave opportunity for those wanting to be in the heart of Charleston. There is a lovely garden for residents who wish to relax outdoors and even a grill and tables for dining al fresco. To top it off, there is easy elevator access and a dedicated parking space behind a secure gate.
