Description

Originally built in 1910, this beautifully restored farmhouse blends timeless charm with modern updates. Set on approximately 2.5 acres, just minutes from downtown Loris and a short drive to Cherry Grove Beach, this historic home has been thoughtfully revitalized while preserving its authentic character. Within the last 4 years, the property has undergone an extensive renovation, including a restructured roof with new shingles, brand-new siding, and updated windows. To meet current codes, the home features all-new electrical wiring, outlets, and lighting, along with a full replacement of the plumbing systems. New insulation has been added throughout much of the home, and where original shiplap could not be saved, sheetrock was carefully installed to maintain the historic aesthetic. The kitchen has been completely redesigned with upgraded soft-close cabinetry, granite countertops, and brand-new appliances. Bathrooms were also fully remodeled, and much of the flooring was replaced to ensure lasting quality and beauty. For safety and compliance, the expansive double-level front porch was fully rebuilt, and several aging barns and trees were removed. The land itself is rich with mature pecan and walnut trees, and the property boasts an open field at the back offering excellent potential for a small hobby farm or private retreat. This special property is a rare find — offering the best of classic farmhouse living with modern conveniences. A true must-see!
