Disappearing

## Description

The combination of white and gray on the exterior is just a glimpse at the modern finishes on the inside. The welcoming front porch leads you to the foyer that displays the luxury vinyl plank flooring seen throughout the main areas of the downstairs. French doors leads you to a office that can be also used as a play space or a work from home area. The dining room is spacious and will be a great entertaining space for large gatherings. The open concept family room takes you to the kitchen that is a chef's dream. The white shaker style cabinetry, quartz countertops, gas stainless steel appliances and huge island will definitely impress. At the top of the stairs is a loft that can be used to hang out with family for movie nights or curl up on a couch with a good book. The primary suite is an oasis with french doors leading you to a spa like bathroom. The quartz countertops, five foot shower, tile flooring and huge walk in closet will soon be a place to relax and unwind. Two bedrooms have a private shared bathroom with the remaining sharing the one in the hallway. You don't want to wait seeing this home. Come to Fairview Falls today!
