Description

The possibilities are endless at 76 Log Cabin Dr! 7 acres of land perfect for horses, goats, chickens and more. Split in half by a 10 year old mobile home with 3 bedrooms and 2 bathrooms perfect for temporary living or permanent roots. You can choose to make this your forever home or complete your very own onsite log cabin! This 4 bedroom cabin was started with love and unfortunately never finished. Most of what you need to finish it is inside but the choice is yours! Finish it out for your forever home or use it as a man cave or she shed for all your projects! While the mobile home is a wonderful home you can always elect to remove it later if you wish or have multiple generations in one spot! In the front of the property you will find a partially fenced 3 acre round pasture area perfect for animals or lazy horse riding days. In the back there's plenty of space for animals, or family, grand kids or camping friends! Previously used for chickens there's water already ran to the rear to make it easy to take care of your friends and you even have a 4 stall barn that needs just a little TLC to be perfect. Lots of trees and privacy including your own pear, plum, apple and crab apple trees! Yes - they produce! Don't forget to check out the virtual tour for full property and log cabin views!
