## Description

This three story end unit features our "more house than townhouse" design, we have also included our clients favorite options! The inside/outside fireplace, extra large 10x4 island, screened in porch and upgraded powder room are all included! We now have a similar unit and finished back unit that your clients can tour also! Level 1 features a 2-car side by side garage, foyer with an open stairway and a flex/bedroom, with an en-suite full bath. On level 2, you will find an open floor plan with plenty of space to relax with family and friends. Off the great room and kitchen is the screened in sunset porch. Level 3 is a private space designed for the owners! A loft space, open to below, greets you as you enter level 3, followed by the owner's bedroom with en-suite bathroom. The bath includes a double vanity, walk-in tile shower, and a spacious walk-in closet. The laundry closet completes the amenities on level 3. The listing agent is designer/developer/builder. Unit to be built, so your client can personalize their townhome with options and selections of their choice.
