Description

Like-new home situated on a peaceful pond lot, offering serene views and beautiful natural light. A two-story foyer welcomes you into an open-concept floor plan with a Craftsman trim package and recessed lighting throughout. The custom kitchen features quartz countertops, a herringbone tile backsplash, 42-inch cabinets with crown molding, a large island with contrasting gray cabinetry, and a deep single-basin sink. In addition to the bar seating at the island, the kitchen overlooks a separate dining area and flows into the spacious family room, complete with a cozy gas fireplace. Just off the great room, the screened porch offers a perfect spot to relax, with views of the backyard and wooded buffer beyond. Upstairs, the large primary suite includes a nicely appointed bathroom with raised dual vanities, tile flooring, a tiled walk-in shower, and a generous walk-in closet. Two secondary bedrooms share a full bath, and a large loft provides flexible space for a home office, playroom, or media area. A convenient drop zone with built-in nooks and hooks is located just off the two-car garage ideal for organizing shoes, bags, and daily essentials. Tankless water heater. Durable LVP flooring runs throughout the main floor, completing the home's modern, low-maintenance appeal. This home truly lives like new and is move-in ready!
