Description

You need to check out the HUGE back lot with its own entrance!! This well loved home is located in the heart of the quaint downtown historic district of Summerville. Situated on slightly more than a half acre lot, the possibilities for this property are endless. Upon entering the home you will be greeted by beautifully maintained hardwood floors. This classic ranch style home has the bedrooms tucked away past the entryway to the left. To the right is the formal living area adorned with a gas fireplace which is open to the formal dining room. The enclosed porch would make a wonderful place to relax after a long day or to enjoy your morning coffee. You can access the porch from the dining room as well as the galley style kitchen which makes entertaining so convenient. Off of the kitchen is a cozy little family room. Upon exiting the enclosed porch, you will find a great sized fenced in grassy area as well as a 24x24 garage. The back room off of the garage was used as an office space, but could be utilized in so many other ways. Just when you think you have seen it all, you will notice that the property goes well beyond the garage with a whole other access point to get in and out. This area is approximately a quarter of an acre and would be perfect for parking your boat, RV or other equipment. Opportunity awaits to own a lovely home in the birthplace of sweet tea, where you are only minutes away from fine dining, unique shopping and immersed in southern hospitality.
