Description

Why wait for new construction when you can move into this like-new beauty that's already upgraded and ready to impress? Built just last year and fully upgraded, this 3-bedroom, 2-bath with a second story rec room Craftsman-style home sits at the end of a quiet cul-de-sac on a spacious 0.24-acre lot—and it's got everything you've been dreaming of. Right away, you'll notice the beautiful stone and vinyl exterior, but wait until you see the backyard! A custom patio, pergola, and white garden arch create the perfect outdoor escape, surrounded by lush landscaping with 28 newly planted trees and bushes. There's even a birdbath to bring in the charm and nature vibes. It's all set up for relaxing afternoons, morning coffee, or entertaining friends. Inside, this open-concept layout feels fresh, modern, and full of light. The owners upgraded the kitchen tile, living room tile, and added decorative wood slats for a touch of warmth and style. The kitchen is a total standout with newly updated appliances, quartz countertops, and a huge walk-in pantry—ideal for storing everything from snacks to party platters. The primary suite is a retreat all its own, with a roomy walk-in closet, dual vanities, and a separate tiled shower. Upstairs, you've got a rec room—perfect for a playroom, home office, or hobby space. And don't miss the walk-in laundry room on the main floor—super convenient! This home also comes with a 2-car garage, attic storage, central heating and cooling, a tankless gas water heater, and an owned security system. Plus, the HOA handles lawn maintenance, so you can spend your weekends enjoying your home instead of mowing it. All the work is done—from landscaping to tile to top-of-the-line appliances. All that's missing is you! Come see this better-than-new gem today and fall in love with your future home.
