A white picket fence, trellis walkway, and irrigated rose bushes add curb appeal, while inside, a sunlit chef's kitchen features a 9-foot island, stainless appliances, and marble backsplash. The living room offers a custom glass-tile fireplace and opens to a covered patio for seamless indoor-outdoor living. Upstairs, the primary suite includes walk-in and standard closets. The second bedroom features a built-in office nook, while the third bedroom occupies its own level--perfect for added privacy or a guest retreat. The backyard is fully fenced with a covered patio, built-in bar, outdoor shower, and space to expand. Located close to parks and local favorites, with off-street parking and an elevation certificate on file, this home is a rare find in downtown Charleston.
