Description

****OPEN HOUSE 3/22, 1pm-4pm!**** Updated and renovated 4br/3ba brick trilevel on 0.42 acre corner lot in Briarwood! Classic floorplan with refinished original hardwood floors, massive kitchen, and two master bedrooms! Step onto a freshly-painted covered front porch with room for sitting, and inside to the welcoming foyer. Refinished oak hardwoods, lots of natural light, and fresh paint throughout make the space feel warm and inviting. A spacious formal living and formal dining room provide space for entertaining, relaxing, or hobbies that some modern floorplans may lack. The kitchen in this home is certainly a must-see feature with lots of countertop and cabinet space! New granite countertops, shaker doors and pulls, subway tile backsplash, LVP, stainless appliances, and an eat-in dining area. The lower level features a large great room with a fireplace accent wall and adjacent built-in shelving. A renovated wetbar with saloon style doors, new sink/faucet, granite counter top and shaker doors sits just off of this room, and makes entertaining fun and unique. The lower level also features a 4th bedroom with private bath that could double as a second master br or guest suite. The bathroom here features LVT flooring, newly tiled custom shower, updated vanity with granite and shaker doors, as well as faucet/fixtures/toilet. The upper level master br/ba features all the same with another uniquely tiled shower as well. The additional bedrooms share a hall bath with dual sink vanity, tub/shower, and subway tile surround. A spacious laundry room off the kitchen has cabinetry matching the kitchen, and the two-car garage has new door opener, as well as painted floor and ceiling/walls. A concrete patio overlooks the backyard and the large corner lot has lots of space for enjoying the outdoors. All of this while being only minutes from shopping and dining options, I-20, I-77, fort Jackson, and downtown Columbia, and no HOA! Come and see why this could be the perfect home for you!
