Features

Description

Take advantage of this rare opportunity to purchase a well-established and currently occupied mobile home park. The park is approximately 10 acres in size and is zoned for 12 individual mobile home sites. The oversized lots make spacious home sites and provide shade trees throughout the park. All 12 lots have existing individual wells and septic tanks. One of the best features of this property is its close proximity to Black River, less than 2 miles from the Pea House public boat landing. Great investment opportunity. *The property is not in a flood zone. * *Buyer responsible for verification of lot size/acreage. *
